

## LAUCK APPEALS FOR ECONOMIES

Defends National Agreements Before Railroad Commission

## WOULD CONSERVE LIFE

Quotes Authorities and Capitalists and Warns Against Return of "Slum Nation"

CHICAGO, April 1.—Characterizing the claim of the railroads that disaster faces the country and bankruptcy is in store for the roads unless the national agreements governing employee wages and working conditions are abrogated as the railroads are in favor of in 1918, to fight betterment of living conditions, W. Jett Lanch, statistician for the railroad unions today insisted "economy of human life" is his theme in defense of the national agreements before the United States railway board.

### Quotes High Capitalists.

Leading business and financial authorities, industrial, financial and educational, including Frank A. Vanderlip, Lloyd George and the efforts of Robert Owen in 1815 in correcting the industrial horrors of England in support of his plea that "economy of human life is greater than economy of capital," have been quoted by Lauck.

### Lauck Told the Board:

"You cannot build an A-1 nation out of C-3 material," and warned the board against returning to conditions in railroad labor which would lower human standards.

### Warms of Sweat Shops.

Lauck warned against return to a world scale by ship, where unemployment is awaiting the vicissitudes of industry brought despair to multitudes of human homes; a world where side by side with want, there was waste of the inexhaustible riches of the earth, partly through ignorance and want of forethought and partly through entrenched selfishness."

## EARTH CHANGES ABOUT

Its Movement May Affect Source of Oil Supply, ex-U. S. Research Bureau Chief Believes.

WASHINGTON, April 1.—Sudden upheaval in the Gulf of Mexico recently may indicate extensive internal disturbances of the earth that may affect the source of oil supply from which is produced most of the asphalt which is used in the eastern United States, according to an opinion expressed today by Prevost Hubbard of New York, former chief of research of the United States, bureau of public roads.

He pointed out that the construction of high class roads and pavements is largely dependent upon the production of asphalt from petroleum which is made to conform to specifications adopted by the federal government.

### PUGILIST GETS JAIL TERM

Sentenced for Having Taken Part in Robbery of a Whisky Truck.

PITTSBURGH, April 1.—Johnnie Kirk, pugilist, convicted of holding up the holdup and robbery of a whisky truck, some weeks ago, was today sentenced to not less than five nor more than seven years in the Western penitentiary by Judge Stone in criminal court. In addition he was sentenced to nine months in the workhouse by Judge Swearingen for violation of a parole, the second sentence to start at the expiration of the penitentiary sentence.

Oster Zehre, a companion of Kirk's in the holdup, got five to seven years and Louis Perry, another accomplice, from four to six years.

### WANT GEDDES' VIEWPOINT

He Will Be Asked to Appear Before American Commission on Irish.

WASHINGTON, April 1.—Sir Auckland Geddes, ambassador from Great Britain, will be asked to appear before the American commission on conditions in Ireland and offered proof that the report of the commission, made public, was not based on facts. Frank P. Walsh, counsel for the Irish republic, announced this afternoon.

Walsh made his statement in reply to a statement made by the British embassy yesterday attacking the report of the American commission on conditions in Ireland.

### REPARATION TALK INFORMAL

United States Representative in Berlin Gathering His Data.

WASHINGTON, April 1.—Information that conversations have been carried on between German officials and Eddie Loring Dressel, American commissioner in Berlin, with regard to Germany's attitude toward payment of the reparations demanded by the allies, it was learned at the state department, to-day, was not entirely informal and for the purpose of reporting correctly to the administration the views of Germany on the question of reparations.

## BRUCE A GOOD WITNESS

His Two Sons Also Testify Unfavorably for Father in Trial Where He Is Charged With Murder.

STOKEON, Eng., April 1.—Victor Bruce, returning to the stand today in his own defense in his trial on a charge of slaying his wife, denied testimony of state witnesses that he had been unkind friendly with Mrs. Leslie Dickey before Bruce's wife, Mary, died. Her husband died.

Bruce made a strong witness in his own behalf; he emphatically denied giving any poison to his wife or knowing of any being given her. He denied all stories about Mrs. Dickey except that she moved to his home one week after the death of his wife.

Day and Lawrence Bruce, sons of the defendant, also were good witnesses for their father, and affirmed that their mother was ever neighborly and cheerful and had lived happily together.

### GREEK ADVANCES CHECKED

Turkish Nationalists Have Turned on  
Pursuers, Dispatch Says.

CONSTANTINOPLE, April 1.—The Turkish nationalists have turned upon the Greeks and checked their advance on the Peloponnesus, according to a dispatch today from Angora, the Turkish nationalist capital. The Turks claim that the Greeks have not entered the city of Eski-Shehr, although they attempted to capture it earlier in the week.

Advices from Athens Tuesday reported the occupation of Eski-Shehr by the Greeks. Eski-Shehr is 139 miles west of Angora.

### ONE WILL DIE FROM FIRE

Twenty-Two Motor Cars Burned Up  
In \$35,000 Fire in Kansas City.

One man was fatally injured in a fire which destroyed the Blockoff and Norton garage here early today. Twenty-two motor cars were destroyed. The loss was \$35,000.

Ed Norton, one of the proprietors, was trapped in the building by the flames. He dove through a second-story window, receiving injuries from which he cannot recover, saith my God, to the wicked—Isaiah 57:20-21.

WHERE  
IS  
MY  
ETERNITY?  
—  
GOD  
LOVES  
YOU

But the wicked are like the troubled sea, when it cannot rest whose waves cast up mire and dirt. There is no peace, saith my God, to the wicked—Isaiah 57:20-21.

## Best Vaudeville of the Season at Orpheum Tomorrow

One of the very best vaudeville bills presented this season is scheduled to begin tomorrow at the Orpheum theater. As program of the same features the management claims the seven acts to appear here during the next week are unequalled in a new act.

Genaro and Gold in "Wanted, A Model" offer an unusually clever conceit. The Three Lordens in "Dropping Bombs of Comedy and Thrills" conclude an Orpheum bill seldom viewed in the southwest.

Too much emphasis cannot be laid on the fact that next week's vaudeville presentation is easily the best of the season, and noting this, the public will make a demand on the box office for additional admissions.

In order to eliminate disappointment, patrons of the Orpheum should avail themselves of the service that permits the choosing of seats in advance.

Top billing is the act of Conlin and Glass in "The Four Seasons" and the "Four Reasons" and comes to Tulsa direct from the Orpheum theater in Kansas City, where it proved to be a veritable humor. With the sprightly fire and snap so essential to good vaudeville.

Powers and Wallace present an act entitled "Georgia on Broadway" which is declared to be a splendid offering.

By calling at the box office or by phoning Osage 3329, reservations can be had for any night performance or for the matinee Sunday. Three performances are presented every Sunday and two performances daily thereafter. The first show Sunday evening begins at 7:30—Advt.
